PRACTICE WORKSHEET 10 / 10

Listen to a reference tone

Listen to a reference tone for a target note.

PRACTICE EXAMPLE

Reference note: A4

A4 setting: 440 Hz

Microphone measurement pauses while the reference tone plays

PRACTICE IN FERASTAGE

1. Open Pitch Reference.
2. Select A4 or a string note from the selected tuning.
3. Listen to the reference tone, then turn it off and return to measurement.

WHAT TO LOOK FOR

Hear the reference tone and observe that measurement pauses while it plays, then resumes when you turn it off.

YOUR PRACTICE NOTES

Target	Reference Hz*	Displayed Hz / cents	Direction / my note
A4	440.00		
E2	82.41		
A2	110.00		
D3	146.83		

* Sample equal-temperament targets for A4=440 Hz; these are not measurement results.
