Stage Network

Meet musicians, follow their work and share your repertoire. Build your music network through Community, Events, Collaborations and rehearsal rooms you can access.

Get started in three steps

1. Use the role, location, instrument and genre filters in Discover to find musicians.
2. Explore profiles, Community, the Setlist Pool and Collaborations to find people and music.
3. Use a rehearsal room you can access to bring your team’s repertoire, agenda, notes and rehearsal plan together.

Usage notes

- Profiles, follows, posts, media and messaging depend on account permissions and the features enabled for the account.
- Only members with access can see the contents of a private rehearsal room.
- The sample community uses fictional musicians and activity.
- Rehearsal rooms help teams plan rehearsals and share materials.

Practice ideas

1. **Find a drummer in your city**

   Use the country, city and instrument filters in Discover to narrow down the visible profiles.

2. **Find musicians with similar interests**

   Filter by genre, experience and availability for collaboration to find musicians you might like to work with.

3. **Get to know a musician through their profile**

   Browse the musician’s profile and posts, then follow them. You can message approved Stage Network connections when messaging is enabled.

4. **Share a rehearsal idea**

   Post a rehearsal idea or practice experience in the Community feed and follow the conversation.

5. **Explore repertoire**

   In the Setlist Pool, search by artist, musician or setlist title and filter by content type.

Practice ideas

6. **Find a saved post**

   Return to saved posts to revisit repertoire that caught your interest.

7. **Explore a rehearsal room**

   In a room you can access, view participants, shared setlists, scores and recordings together.

8. **Prepare the rehearsal agenda**

   Add the sections you'll rehearse to the agenda. Keep notes and decisions in the room.

9. **Plan the next rehearsal**

   Check the rehearsal date, time and location. Add it to your calendar when you're ready.

10. **Find a collaboration opportunity**

    Filter listings by role, city, collaboration format and genre. Apply to a listing or save it for later.
